Redeveloping the Online Bookstore

AFLC Parish Education serves the local congregation by providing biblical educational and devotional resources to encourage diligent and faithful teaching of the Word of God in homes and churches. However, that goal has been hindered by the current impaired functionality of our online bookstore.

The project will move our bookstore off the current server to a new Ecommerce website and POS (Point of Sale) system, implement a barcode scanning system to streamline our inventory and sales process, and create an automated inventory integration utilizing a business application program. We believe this will ease the load on both employees and customers in regards to the sales process and inventory access, decrease the amount of traffic we currently lose to outdated software, and increase our ability to serve the local congregations.

A contract has been signed with a local corporation, Neuserv, and the work has begun to overhaul our website. We have a solid plan for the successful implementation of this project, including a speedy timeline, consistent consultation from experienced and trustworthy IT experts, and a top priority status among our board and staff. The total funding amount to complete this project is \$30,000. Thanks be to God for His provision of a \$15,000 gift from the AFLC Coordinating Committee to begin Phase 1 of this project. We received an additional \$4,500 from generous partners to fund phase 2 of this project. The remaining funding amount is \$10,500. Additional funds may be needed for Phase 3.

Opportunity for Giving

Your gift will help overhaul our online bookstore and sales system, giving congregations and families easier access to biblical resources, streamlining inventory and sales, and enabling our Parish Education team to focus more fully on serving and partnering in ministry.

Total cost: \$30,000 (\$10,500 is still needed)

We invite you to join us in prayer for the Lord's provision and in seeking His guidance on how you can support our mission.
