

Continuing Education for Youth Min Staff and Board

AFLC Youth Ministries seeks to provide crucial training and continuing education for its staff and board. These ten (10) individuals work with youth workers, congregational leaders, and teens from across the AFLC on a regular basis and set course for the whole department. Training and education increase the effectiveness of our staff and board in their work within our Youth Ministry Department.

In the past, we've valued attending the D6 Conference. Depending on funding and timing, we hope to attend the D6 Conference in the Spring of 2026 or another similar conference. We aim to provide a continuing education opportunity every other year. The D6 Conference emphasizes connecting the congregation and home in a wholistic strategy for teen discipleship. This conference has been a fruitful resource for our staff.

“ **The D6 Conference has been instrumental in helping me approach ministry. The wealth of resources available have helped me understand how to approach families and to better equip the FLY Convention within those resources.**

— Daniel Keinanen (Fly Convention Coordinator)

”
