

FLBCS Music Ministry
AFLC Development Department Giving Opportunity for FLBCS*

The Free Lutheran Bible College and Seminary exists to establish students in the eternal and inerrant Word of God for a life of faith in Jesus Christ and faithful service in His Kingdom.

Piano Lessons

We seek to encourage students to worship the LORD with all their heart, soul, mind and strength. We also share the Gospel through song, music, scripture and testimony wherever God leads us.

Accompanists - Good accompanists are vital to a musical ensemble. They lay the foundation of tonality and rhythm for their group. At FLBC we rely on many student accompanists. These students put in countless hours practicing their parts in order to support and lead their ensembles. As we utilize these students from year to year, it is our desire to provide them with a skill set that will help their current ensemble and future congregational ministries.

Music lessons would help develop these skills. We would love to provide no cost piano lessons for our student accompanists.
