

Manna Inn Serving Line Remodel

The serving line in Manna Inn is in need of being updated. Current layout consists of multiple different units that have been welded together to function. Updating this will enable the ARC to have two full hot and cold line available at all times, increase serving efficiency for both the kitchen and the guests as well as make the electrical infrastructure safer.

Total for this proposal with shipping costs is \$34,600 for this list of pieces below.

We thank you for prayerfully considering this proposal and partnering with our ministry.
