

FOOD SERVICE OPPORTUNITIES FOR FLBC

Chef Matt Petschl, says that the addition of a wok would allow them to expand their menu into the world of Chinese cooking! Cooking on a wok is extremely fast! This would allow them to continuously cook fresh batches of fried rice and a variety of healthy tasty stir-fry. Chef Petschl says that a wok is the first piece of equipment he learned to cook on and it still remains his favorite. Chef Petschl says that there is no way to cook authentic Asian foods without one.

60" Wok Range (Imperial Model No. ICRA-2) \$5,273.74

A quote from our vendor for a new 60" Wok Range is \$5,273.74. Would you please pray with us that the Lord would supply the funds to purchase this Wok. Would you also pray asking the Lord if He would like you to be one of those that would help purchase this new Wok for our FLBC Kitchen.

Thank you for your consideration and support for FLBCS.

“Having these upgrades will help save time and allow us to continue to improve the quality of food served at FLBC!

We have been greatly blessed over past few years. The upgrade to Combination ovens was monumental! The students at FLBC have noticed the quality and versatility they offer. Being able to prepare perfectly cooked smoked meats and huge batches of grilled vegetables are just scratching the surface of what I have been able to do with them.

The students have voiced that the food at FLBC is a big deal to them. So much that they have decided that they would pay more for room and board if we can up our game in the culinary department. That has resulted in the addition of another qualified chef to the full-time staff! The addition of a chef with Chester Dyrud's credentials is an amazing benefit for our student body. Another massive step forward.

Having the proper, and some additional tools, will help us to achieve the vision I came in with. To serve high end restaurant quality foods from scratch for the students at FLBC and all others who eat there for all types of events and gatherings!” Matt Petschl
