

**FLS Adopt-a-student**  
**AFLC Development Department Giving Opportunity for FLBCS\***

*The Free Lutheran Bible College and Seminary exists to establish students in the eternal and inerrant Word of God for a life of faith in Jesus Christ and faithful service in His Kingdom.*

The Free Lutheran Seminary trains men in the Word of God and the teachings of the Lutheran Church. With a high view of Scripture, all classes are taught assuming the inerrancy and infallibility of the Bible. Professors are life-long students of the Word.

We are thankful to God for the students He has sent to FLS. Although our tuition is low (thanks to our supporters) finances remain a barrier, especially for those who have families.

Please consider sponsoring or “adopting” a student. When you adopt a student, you are committing to support him financially and prayerfully for a minimum of one semester. Should you desire to “adopt” a student, please inform the seminary, and you will be matched with a student in need. This student will share prayer requests, insights from his studies in the Word, and news about his family with the sponsor. This will be a mutually edifying relationship as God provides the AFLC with prepared servants for the Church.

*Note to potential sponsors: The Adopt-a-Student program is a way to help FLS prepare pastors to serve our AFLC congregations. If you wish to adopt a student, please contact the seminary. A student will be selected for you. We cannot issue a tax deductible receipt if the donor chooses the “adopted” student.*
