PICKUP TRUCK FOR THE ARC

The ARC (Association Retreat Center) is in need of a newer 3/4 ton 4 wheel drive long bed pickup for work around the arc. They are looking at purchasing a very good used one for the needs that they have for the day to day operations at the ARC. The cost of such a vehicle will be around \$15,000.00 to \$20,000.00. We would ask that you give this opportunity time in prayer and if the Lord would lead you to help financially it would be much appreciated or if you have such a vehicle and would like to donate it that would great as well. We ask that you pray about this opportunity and that the Lord would supply such a vehicle for the ARC. Thanks you for you gracious consideration and may God richly bless you as you serve Him.
