Investing For Eternity

NEW TRACTOR WITH ATTACHMENTS

The ARC is an 80 acre facility that hosts thousands of campers each year. They see somewhere around 400 to 500 people come to know the Lord as their personal savior each year. Praise the Lord for how He works.

The ARC is always in the midst of some project from building repair, remodeling, site work and road maintenance. They currently have limited equipment to do such projects and some of the equipment is not designed for what it is being used for.

Therefore the ARC would like to purchase a tractor similar to the one below with about 75 hp and the attachments that it would take to make many of their tasks easier and therefore more efficient.

Besides the attachments that you see on the front page here are some of the other attachments that would be beneficial for

Grading Blade

Tiller

Broom

Snow blower

All of this totals about \$75,000.00. Please pray that the Lord would supply the funds needed to purchase this equipment. Please pray and ask the Lord if He would want you to be a part of this endeavor.

Thanks for all you do and may God richly bless you.
