## ASSISTANT TO THE PRESIDENT ENDOWMENT FUND

The President of the AFLC is called upon to do many things . He does ordination services, installation services, dedications, church anniversaries, attend funerals for pastors or members of pastor's families, visit with our pastors serving in our churches, answer phone calls, emails and also to help with problems that arise in churches. One man cannot do all that the office of the President requires.

Therefore, an Assistant to the President was hired on a fulltime basis to help with all of the above responsibilities for that office. The Assistant is a pastor who comes alongside the President helping to carry out these important responsibilities. The General Fund of the AFLC pays for this position which adds to the General Fund Budget.

We are looking at creating an endowment fund to remove the burden from the General Fund and placing it on the Endowment Fund. This Endowment Fund would need to be about 2.5 to 3 million dollars in order for 5% to be taken each year to fund the position of the Assistant to the President.

Please pray with the AFLC that the Lord would supply the funds needed. Pray and ask Him as to what He would want you to do to make this fund a reality. We praise the Lord for all of His blessings and know that He will supply the funds to make this opportunity a reality. May God richly bless you.
