

General Operating Fund

The Development Department builds Biblically-centered relationships with partners and churches to support the unique needs of each AFLC ministry. Walking alongside each partner, we seek to understand how God is leading them to give, and train them to be the very best stewards with what He has entrusted to them. Through these relationships, we strengthen our mission of Growing God's Kingdom.

Gifts to the Development Department's General Operating Fund will support essential needs such as staffing, daily operations, outreach efforts, and strategic planning initiatives. Each investment enables us to build strong relationships with ministry partners and secure resources necessary to expand the impact of our AFLC ministries. Please pray for the Lord to provide the funds needed and seek His guidance on how you should support the Development team's mission.

As each has received a gift, use it to serve one another, as good stewards of God's varied grace.
